

LPR 286 Class Observation Follow-up Questions – Winter 2018

1. Instructor use of the Active Learning Classroom to support active learning:

a) In what ways did the instructor engage students in active learning during this class?

b) How did the instructor use features in the room (i.e., screens, tables, whiteboards, doc cam, cameras) to engage students in activities and with the content?

c) How did the instructor and students use the classroom space?

2. Collaborative Learning in the Active Learning Classroom:

a) How did the instructor engage students in collaborative learning activities?

b) How did the instructor ensure, and sustain, participation in collaborative activities?

c) In what ways did the students engage with one another during collaborative activities?

3. Formative Assessment in the Active Learning Classroom:

a) How did the instructor provide feedback to students during learning activities or assessments? In what ways was peer feedback present?

4. General Observations:

a) What instructional choices worked exceptionally well?

b) What instructional choices do you think could be improved and in what ways?
